

EXCELLENCE IN CHRISTIAN EDUCATION

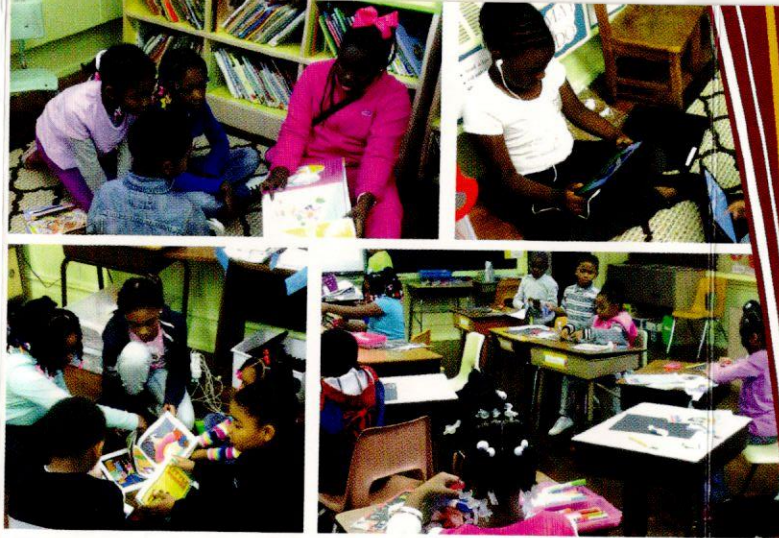

How do you measure success?

Our standard is excellence and our graduates measure up in every way!

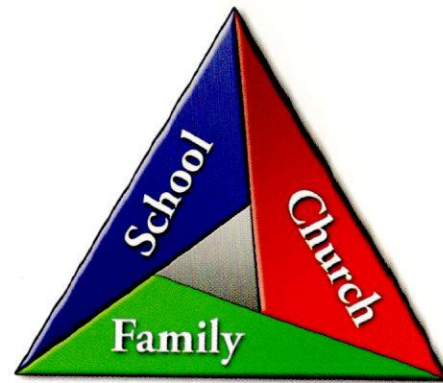

The most important measure of success in life is being known by God as His child and then living as a follower of the Lord Jesus Christ. From pre-kindergarten through eighth grade our students are introduced to their Savior Jesus and are built up and encouraged in their faith in Him.

Academic success at the elementary school level is vitally important for students to gain access to the right high school that will give the student the edge needed for success in life and for admission to the college of their choice. Our students succeed academically, consistently scoring well above national averages.

The educational experience at St. Paul Lutheran School addresses the entire person; body, soul, mind, and spirit. Our students participate in physical education and extracurricular activities that stimulate health and well-being. St. Paul's dedicated, caring, and experienced faculty prepare our students to be highly functional citizens of our complex 21st century world.

FORMULA FOR SUCCESS

**An Excellent Elementary Education -
Rich Rewards For A Lifetime!**
